The Great Conspiracy.

The latest advices from the East, laden with accounts of a gigantic conspiracy, are what we had a right to expect of the party who conceived and fostered the rebellion, and whose present aim is to impart as much strength as possible thereto by weakening the Union in the free North. They could not serve the South as well by going into its armies as by whining about personal liberty, denouncing meetings of Union Leagues and the unholy war, while in secret they were solemnly [illegible] together for the purpose of cutting [illegible] loyal neighbors' throats, still prating [illegible]. We cannot interpret the Constitution according them any such right, nor [illegible] justify their course by any code of [illegible] which has hitherto received the countenance of civilized nations. They are let [illegible] the [illegible] of an intestine war—not [illegible] ment, where the chosen armies of [illegible] are arrayed against the armies of [illegible] and in the prosecution of which [illegible] the usages of grim war are [illegible] but they [illegible] the foundation, [illegible] for all the deadliest [illegible] the heart of man can be [illegible] to rise at a given signal [illegible] the work of murder and [illegible] with all their attendant horrors upon [illegible] property of their unsuspect[illegible] neighbors. To this pass [illegible] over the Govern[illegible] to begin the punish[illegible] the law as if no re[illegible] inaugurated. Unless [illegible] are to be recognized [illegible] they should [illegible] merely as members [illegible] the laws of the land [illegible] no mercy to those who love [illegible] strive to obey its laws, and [illegible] punishment would be in [illegible] law of God and man.

[illegible] remote from the difficulties [illegible] dispatch, if they were con[illegible] Eastern portion of our domain [illegible] upon them without any [illegible] immediate impending danger. [illegible] the watchfulness ex[illegible] plot discovered there before it [illegible] the coast. Already have the [illegible] their fully armed cohorts [illegible] five thousand men, to[illegible] as is their wont in all the trans[illegible] civil life, protected by the laws [illegible] sworn to overthrow, and eating and [illegible] with those whose destruction they [illegible] the signal of their hell born lead[illegible] accomplish. It is too late to deride [illegible]. The idea has become a fact, [illegible] although our loyal citizens may sleep [illegible] securely upon the banked fires of the vol[illegible] eruption can only be prevented by [illegible] decisive and prompt measures. This [illegible] and bloody epidemic is not confined [illegible] California. It ramifies through every ar[illegible] of American life west of the Rocky Mountains. In Oregon, through all the vast [illegible] of territories embracing our golden [illegible] the cabalistic sign is recognized, midnight [illegible], the oath renewed, and hades shrieks with joy at the glut of innocent blood in prospect. And what is all this for? Do the members of this organization of American Knights fail of receiving the same protection—the same privilege as their loyal neighbors? Accustomed to rule the country, their leaders are unused to labor with their hands—they must have power at any hazard in order to live—and so through influences and organizations claiming purity and truthfulness, they are misrepresenting facts, and working upon the minds of the ignorant and bigoted to do for them what they have neither the brute power nor courage to do for themselves. We hope those members of the Northern Confederate party who mean to do right will seriously reflect before they commit any overt act.

The Washington correspondent of the Sacramento *Union*, writing under date of June 29, says:

The bill granting the Yosemite Valley and Big Trees to the State of California, for the public use a[illegible] has passed both branches of Congress without amendment.

The Senate bill appropriating $300 000 for the erection of a branch Mint building at San Francisco [illegible] in the Committee of Ways and Means of the House, and as it is late in the session and the aforesaid Committee is not specially friendly to the bill, I am afraid it will remain there. McBride had the Oregon Mint Bill referred to the Committee of the Whole, where it [illegible] in limbo.

Congress has passed a bill for the relief of [illegible] Kendall, late Superintendent of Indian Affairs for Washington Territory, allowing $2 10[illegible] to be credited in the settlement of his accounts [illegible] vouchers [illegible] found therefor, though it is proved that he spent that sum for the United States.

[illegible] complaint having been made at the Post Office Department that the mails from Portland, Oregon, for Olympia, W. T., are [illegible] at Monticello [illegible] an order has been issued remedying the [illegible]

SUCCESSFUL STRATEGIC MOVEMENT BY GEN. GRANT.

He Secures an Important Position Eleven Miles from Richmond.

ST LOUIS, July 28.—The *Democrat* publishes an account of a conspiracy to erect a North Western Confederacy. The organization engaged in the conspiracy is known as the Order of American Knights. The real object embraces an effort to thwart the Government in the conduct of the war, to overthrow the Government. The profession of purposes are different in different States. It proclaims the war policy in Pennsylvania, New York and New Jersey and other Eastern States, while in the West it is for peace. The order is of Southern origin, being erected on the ruins of the Knights of the Golden Circle. Sterling Price is to be supreme commander. Vallandigham, while in Richmond, was made the supreme commander of the Northern section. The order of the conspiracy was entered into between him and rebel authorities to divide the East and West, and thus aid the Southern rebellion. Vallandigham's time in Canada was principally spent in furthering the scheme. He had a conference with some leading men North soon after his arrival from Canada, and arranged the establishment of lodges throughout the loyal States. The names of all those who visited him at the Clifton House are known to the Government, among them are the names of H B Reed, Phila. K. Pendleton, Pugh of Ohio, Kibben, of St Louis, Storey and Merrick of Chicago are published. The results of the conference are well known to the Government. About the 1st of January Vallandigham issued an address to the lodges in the loyal States, in which he called the members to renew their vows. He says the time is approaching to test their sincerity; that the prosecution of the war is a violation of the rights of the States, and that President Lincoln is a usurper. The meeting of Grand Commanders were to be held in different States. It was held in New York on the 22d of February, for the purpose of organizing an outbreak on the 10th of March, the day fixed for the draft. No definite plan was resolved upon. The names of those conspirators are also known. The same commanders had a conversation with the supreme commander at Windsor, Canada West, early in April, for general consultation. Among those in attendance were Mc Masters of New York and Chas L Hunt, of St Louis, and Lafayett Devlin of Indiana. It was proposed at this meeting that Vallandigham should represent his district of Ohio in the Democratic National Convention and proclaim the doctrines of the order.

Pierce pronounces the existing Administration and the Government power a usurpation, which the people had a right to expel by force if necessary, an inauguration of rebellion in the North, in which he was supported by the order. Each grand commander was to have an armed body guard at the Convention for the defence of Vallandigham. This it is thought will precipitate the people into an armed conflict which would be a signal to the members of the order to unite against the lawful authorities, kill, and capture the civil and military officers, seize all the arsenals, arms and public property of all kinds and pronounce the Government overthrown. This is the evidence of the truthfulness of this statement.

The reason for Vallandigham's sudden return to Ohio was that his views were that he would have been defeated as delegate to Chicago and only by his presence could his election be secured.

The numerical strength of the order is said to be considerably over 500 000, 150 000 of whom are armed. The order in New York are called McClellan minute men, and number 200 000. Their Grand Commander is Charles L Hunt, nephew of H Lucas, who was for many years a Belgian consul here. A long list of names of members of the order in different States, together with full information regarding the same, is in the hands of the authorities at Washington, which will probably be published.

NEW YORK, July 28.—Gold 2 50.

NEW YORK, July 27.—The *Times'* Baltimore correspondence says: No apprehension is entertained of another rebel demonstration towards Washington and Baltimore.

Gen. Crook says the rebel force which attacked him near Winchester on Sunday was greatly superior to his. It showed a front of four miles overlapping him on both sides, and could have easily annihilated him had he not retreated. Col Mulligan was killed in the battle on Sunday.

The Baltimore *American* of to-day says there is no confirmation of the report that the rebels had re-entered Martinsburg by way of Sharpsburg and Sheppardstown. It is hardly possible that Early could have come from that direction, as he must be aware that he will encounter some different troops from the broken down columns of Hunter's command.

The *Commercial* says that a gentleman from Frederick City reports much excitement there on Monday and Tuesday. The Government stores and the wounded had been removed and the inhabitants were preparing to leave. The enemy was known to be south of Pen Ridge, and it was feared they would cross at Point of Rocks and push for Frederick.

CHICAGO, July 28.—Nothing of a definite character concerning the rebel movements in Shenandoah Valley has been received. It is positively known however that serious battles occurred on Saturday and Sunday in which the Union troops were overpowered and compelled to retreat to Harpers Ferry and Williamsport. Supplies were being removed from the former place across the Potomac. Our forces held Harpers Ferry on Tuesday night. No rebels had been seen in Maryland. The report that Hill's Corps had joined the rebel forces was not confirmed.

The *Commercial's* Washington special says: The War Department says the raid is a humbug.

BALTIMORE, July 27—9 P M.—Harper's Ferry is still in our hands. No attack has yet been made. A scout who left Martinsburg at 7 o'clock last night reports heavy skirmishing between Crook's army and the rebels under Breckinridge on Monday afternoon. Our forces are falling back this side of the Potomac to Williamsport. The rebels, it is evident, have no intention of crossing.

A refugee at Nashville returning home, says it is believed the object of the rebels is to keep our forces out of the Valley while they gather the harvests.

Later reports assert that we have re-occupied Martinsburg.

Gen Wallace has issued orders for the immediate enrollment of all the able-bodied colored men in Baltimore, and directs them to be forthwith organized into companies, said troops to constitute the special military forces of the city.

The Loyal Leagues are also actively engaged in perfecting military organization.

Orders are in force here restricting the press from publishing anything relative to rebel movements.

The *Herald's* special says: It is reported that Hunter requests to be relieved of his command and Crook, who had just been appointed Brevet Major General, succeeds him.

The rebel raid appears to be dwindling to a comparatively small effort. It is ordered to be only a portion of a late advance [illegible]. The general opinion is that the affair will soon blow over, without [illegible] [illegible] late arrival at [illegible] action. It is certain that the rebels have not crossed the Potomac, and it is believed the evacuation of Martinsburg was unnecessary.

PHILADELPHIA, July 28.—A gentleman from Baltimore reports perfect ignorance there in regard to military movements. It is quiet but [illegible] anxiety. The [illegible] news has entered the [illegible] battalion [illegible] the public [illegible] arming to enforce all [illegible] authority.

BALTIMORE, July 28.—All [illegible] the news is favorable. We still hold Harpers Ferry. There is some uneasiness on the line of the Northern Central Railroad in consequence of the [illegible] of rebel raid.

WASHINGTON, July 28.—The latest authentic intelligence states that Kelly has occupied Martinsburg. There has been no heavy fighting during the past four days. There is no information of the rebels crossing into Maryland. Skirmishing is reported at [illegible] late.

The *Herald's* special says Grant's report that the telegram [illegible] it is [illegible] a considerable body of rebel troops had left the front to reinforce Early and Breckinridge, and that the rebel army at Petersburg was as strong as ever. [illegible] [illegible] the army considerable rebel left for the valley. No news has been received here from the Upper Potomac.

The forts of the Susquehanna are to be furnished [illegible] sent to Harrisburg to-day for that purpose.

NEW YORK, July 28.—The *Times'* correspondent with Butler says: The rebels on Thursday night attacked the [illegible] at Strawberry Plains and the regiment fell back before the assault and retired to Foster's headquarters. Old Fritz [illegible] sent the same regiment to retake their [illegible] upon which they did. During [illegible] regiments was sent out to hold the place permanently. The position is of importance to the rebels.

Special dispatches say that Grant is still in front of Petersburg.

WASHINGTON, July 27.—Grant is clearing out the camp hospitals and sending the sick and wounded to Washington. Several hundred arrived to lay among them a number of officers.

NASHVILLE, July 27.—Information from officers says: We have had two battles in front of Atlanta and have destroyed the better portion of the enemy's two best corps.

During Rosseau's raid, he captured and paroled 200 rebels, captured 800 horses and mules, and the same number of contrabands, destroyed 31 miles of railroad as well as a great quantity of stores, besides burning 13 railroad depots on the Atlanta and Montgomery Railroad.

LOUISVILLE, July 28.—Maj Kelly, from the front on Monday night, reports that after the battle by the 15th, 16th and 17th corps, our men buried 300 of the rebel dead and had captured 1000 sound prisoners, 100 seriously wounded, 11 stands of colors and 33 officers. Sherman does not desire to occupy Atlanta. In two hours he could establish his head quarters there.

Richmond papers of the 23d claim a decided victory at Atlanta and that the Federals were driven back, with [illegible] [illegible] that the Federals were defeated at Buckhead [illegible] Early and a number of prisoners captured.

Very few deserters are coming into our lines now.

NEW YORK, July 28th.—Sanford returned from Washington last night, having succeeded in obtaining the consent of the War Department to raise 100 days men in this State. Those in service at the time of the draft shall be exempt.

Gold 250.

BERMUDA HUNDRED, July 29th.—An important movement is in progress from here this morning.

While our troops were crossing James river on two pontoon bridges, the rebels suddenly attacked them. An engagement ensued and the rebels were driven back. Our troops received reinforcements and attacked the rebel works carrying them and capturing the guns. The rebels were finally driven from their position far beyond. The gunboats rendered valuable assistance, covering the landing.

A special to the *Post* says advices from the army of the Potomac show that Grant has secured a very important strategic position above Bermuda Hundred on the 27th, which gives him a good base of supplies only eleven miles from Richmond.

An Army of the Potomac letter dated yesterday says the arrival of some troops in the vicinity of Bermuda Hundred a day or two ago attracted the attention of the enemy and caused them to believe that an advance on Richmond by way of Malvern Hill was intended. A force consisting of Kershaw's division of Longstreet's corps and Wilcox's division of Hill's corps were immediately withdrawn from the vicinity of Petersburg, and sent to check the move ment. To counteract this the second corps was detached, and sent across the James. At six o'clock on the morning of the 27th our advance met the enemy's skirmishers in an open field opposite Jones' Neck, with their battery in position. A line of skirmishers was thrown out, and soon drove the rebels to their breastworks, where they were kept hotly engaged while a brigade of the first division moved round on the left of the enemy's line and fell[illegible] on their flank, charged and drove them from their guns into the woods, capturing four guns and a quantity of small arms. The enemy fell back on their reserves, who occupied a strong work built two years ago. Our troops followed, taking position on their front and flanks. Our loss is very slight. Gen Grant rode to the front in the afternoon, viewed the enemy's position, and seemed to be well pleased with the morning's work.

Further Intelligence.

NEW YORK, July 28th.—The Government has received dispatches from Sherman stating there has been no fight [illegible] [illegible] of Wednesday. Atlanta was being gradually invested by our troops who were progressing.

But [illegible] of the success of result of the cavalry raid of the road from Atlanta to Macon is hourly expected. It is [illegible] that there was no disposition on the part of [illegible] to evacuate Atlanta. It is probable that the city will not be taken without a struggle or regular seige.

ST LOUIS, July 27.—Gen Fisk has ordered an assessment upon the disloyalists of Shelby and Monroe counties sufficient to cover the damage. The same rule is to be strictly enforced on all railroads in the district. Gen Fisk's militia is doing their right work. Every brush patch around [illegible] City and other rebellious counties is being thoroughly searched for bush whackers. Thornton is said to be disbanding his men and telling them that it is impossible to cross the Missouri river, as the Federals are close on them. They will be destroyed if kept together.

Sam Hallett, General Manager of the Eastern Division of the Union Pacific railroad, was killed at Wyandotte yesterday by a man named Tolbert. No cause assigned for the act.

Advices from Little Rock say that Price's army is at [illegible] [illegible] himself at Shreveport. Marmaduke is said to be crossing squads of his forces over the Mississippi near James Landing. Kirby Smith is attempting the same.

Reinforcements are being sent to Gen Banks' Department. Steele is at the mouth of White river.

ST LOUIS, July 27.—A Leavenworth special says that Indians attacked our train and destroyed a large amount of stores on the Santa Fe road. Curtis has but a small force in that region, but is raising militia for service against the Indians.

WASHINGTON, July 28.—Advices were received at the War Department of the safety of [illegible] Averill, who is now at Hagerstown slightly wounded.

NEW YORK, July 28.—Advices from Baltimore show that Gen Crook in his retreat from Winchester lost about 1 000 men and a few guns.

Gen Kelly is still at Cumberland. The rebel force is now reported at 20 000 under Hill, Early having left on account of his wounds.

Gen Wright has been placed in command of all the troops on the Upper Potomac, now marching against the rebels, and has re-occupied Martinsburg.

NEW YORK, July 29.—The *World's* dispatch states the Government is advised that skirmishing has occurred at Shepardstown and Falling Waters, the enemy only reconnoitering before attempting to cross.

A few of Mosby's gang crossed at Edward's Ferry. These report that all the rebel troops that could be spared from Richmond have been sent to Early and that his numbers are 50 000. The banks at Frederick City are closed, citizens are leaving and the Government stores are being removed.

FREDERICK CITY, July 28.—The *Republican's* special says: The latest news from the enemy is of such a character as is not calculated to excite apprehension. The enemy has fallen back from the river and ceased their efforts of a threatening nature. Preparations are ample for the reception of any force they are likely to bring along.

The fight near Winchester occurred at about one o'clock on the 24th, three miles beyond the town. The rebels made an attack on our cavalry, who parted, letting them through. The infantry were posted behind stone fences and fought fiercely, but superior numbers enabled the enemy to outflank our right and then Crook, who commanded that wing, sent word to Col Hayes commanding the left that such was the case in time to allow him to fall back. Then they struck the left in force and after retiring a short distance rallied in the face of the enemy drawn up in line and fought with unflinching courage until evening, but the disparity of numbers was too great to admit of a chance of success. The Unionists at length retreated to Winchester pursued by the rebels.

The *Herald's* Frederick letter says: The enemy advanced northward his line extending from Williamsport to Shepardstown. Our forces are now watching the rebels. A complete arrangement has been perfected to confront any hostile operations.

The *Herald's* Monocacy [illegible] [illegible] states that the rebel prisoners insist that Gen Lee with his rebel [illegible] [illegible] to invade Pennsylvania.

HARRISBURG, July 29.—The rebels crossed and recrossed the Potomac at Falling Waters [illegible] yesterday and last evening, and are said to be crossing at Hancock.

WASHINGTON, July 28.—The steamer from City Point on [illegible] o'clock yesterday morning reports all quiet in front of Petersburg. Movements were going on covered [illegible] the 26th [illegible] the rebel works [illegible] during the night. A [illegible] commenced on the Petersburg [illegible] Thursday evening, and in front of Burnside [illegible] the rebel [illegible] fighting. NEW YORK, July 28.—The *Herald's* City Point correspondent of the 26th says: Very heavy and rapid artillery firing [illegible] beginning in the front of Foster [illegible] the north side of the James [illegible] [illegible] this morning at [illegible] musketry [illegible] [illegible] the rebels have been reinforcing [illegible] [illegible] quarter. The Palmetto *Herald* of the 21st says that Fort Sumter is undergoing another interminable bombardment from batteries and the fleet. The firing is [illegible] but [illegible] and serious damage has resulted to some of the strongest portions of the fort. The fire on Charleston is still kept up with vigor.

The late expedition under Foster created a great [illegible] Savannah [illegible] were ordered down to the obstructions in the river, and General Johnson sent a brigade of Georgia troops to Savannah to protect it.

CHICAGO, July 29.—The statements in the St Louis *Democrat* concerning the conspiracy are based on very voluminous evidence taken during several months past by the Provost Marshal General of the Missouri Department.

CLARKSVILLE (Tenn.) July 28.—A party of rebel cavalry are crossing the Cumberland and are making their way into Kentucky.

Yesterday a party of 125 crossed a few miles above here, and another smaller party crossed below. All well armed and mounted.

Gov Hall, in the same connection, has issued a proclamation stating that the emergency is great, and urges the people to fill up these regiments at once.

NEW YORK, July 29.—The rebel papers claim a victory at Atlanta.

Hood sent an official dispatch claiming a positive victory with the capture of many prisoners, cannon, colors, etc. The rebel Gen. Walker was killed and three rebel Generals wounded.

The *World's* dispatch says that Sherman holds his new position firmly.

The Atlanta *Appeal* of the 20th has an account of an incendiary fire that occurred the night before, destroying $500 000 worth of property. During the fire buildings were pillaged by numerous speculators.

WASHINGTON, July 29.—The latest official dispatches from Sherman's army state that he is steadily drawing his lines close around Atlanta. He has not heard of the cavalry force that has been sent to cut the Macon and Columbus railroad, which was the only means of escape that the rebels had.

CINCINNATI, July 29.—Private advices from Sherman's headquarters announce the assignment of Gen Howard to the command of the Army and Department of Tennessee, the position being made vacant by the death of McPherson.

WASHINGTON, July 29.—A dispatch says that Hood has made several efforts to renew the assault upon Sherman's lines since the 22d, but they were feeble and have been promptly and successfully repelled.

A ROMANCE IN REAL LIFE.—A school teacher in Polk county a few days since eloped with one of his pupils, a girl about fifteen, and escaped to Vancouver where they were married. On returning to the neighborhood of the girl's father for the purpose of "making up" with the old folks, a raid was made on the happy pair by the father and two or three brothers of the bride; she was seized and forcibly carried off by two of the party, while a skirmish took place between the remainder and the bridegroom, in which the latter was placed *hors de combat* and somewhat tarnished.—*Statesman*.

A SERENADE.—We have attended concerts in our time and sat upon hard benches after paying our dollar's admission, and felt highly gratified for the opportunity, but such feelings are eclipsed once when a party like the M[illegible] Brass Band come to our windows at the dead hour of night and treat us to a number of airs they know how to play well. There is nothing in music that can possess more charms than a midnight serenade. We extend our thanks, gentlemen, and perhaps we will be [illegible] prepared to meet you.

RETURNED.—Rev. Thomas H. Pearne arrived at his home in Portland on Saturday evening last, after an absence of nearly three months in attendance upon the Baltimore Convention and the National Conference of the M. E. Church in Philadelphia. He preached to an overflowing audience at the M. E. Church in this city last evening, and does not appear much the worse for his long and tedious trip to "the States" and back, accomplished overland more than one half.

RAFFLE FOR "HUMPY."—Mr. J. W. Sutton, of the Shooting Gallery on Morrison street, has concluded to dispose of his pacing horse "Humpy," and accordingly advertises him at raffle on Saturday evening, the 6th inst. "Humpy" is the fastest pacing horse in the State, notwithstanding his appearance like "Flora Temple," he is better than he looks. A fact which has been demonstrated repeatedly.

NEW FURNITURE.—We would call the attention of our readers to the new advertisement of Messrs. Hurgren & Shindler. They have been receiving a large lot of new and splendid furniture from the East and have more on the way. A walk through their extensive ware-rooms will amply repay all who want anything in their line.

SPECIAL TRIP.—The steamer *Cowlitz*, Captain Oleson, was detailed for a special trip to Monticello yesterday, bearing important dispatches for Victoria, to be carried through by special messenger, making the connection at Olympia with the steamer *Eliza Anderson*, which leaves for Victoria this morning.

RESIGNED.—We are informed that C. M. Carter, Esq., has resigned the position lately conferred upon him as Special Postal Agent for the Pacific Coast. The Mails are in need of considerable attention in this direction at present, and we very much regret the action of Mr. Carter.

THANKSGIVING.—It was announced in the various Churches yesterday that services would be held in this city at the usual places on Thursday next, in accordance with the President's Proclamation appointing the 4th inst. a day of fasting and prayer.

LETTER LIST.—This important document which appears regularly at the beginning of each month will be found on the Fourth page of this paper.

The Great Conspiracy

The latest advices from the East, laden with accounts of a gigantic conspiracy, are what we had a right to expect of the party who conceived and fostered the rebellion, and whose present aim is to impart as much strength as possible thereto by weakening the Union in the free North. They could not serve the South as well by going into its armies as by whining about personal liberty, secret meetings of Union Leagues, and the unholy war, while in secret they were solemnly banded together for the purpose of cutting their loyal neighbors' throats, still prating for peace. We cannot interpret the Constitution as according them any such right, nor can we justify their course by any code of ethics which has hitherto received the countenance of civilized nations. They are let ... loose the dogs of an intestine war—not ... the present, where the chosen armies of ... section are arrayed against the armies of another, and in the prosecution of which ... at least, of the usages of grim war are ... but they have laid the foundation, ... and deeply for all the deadliest ... of which the heart of man can be ... they propose to rise at a given signal ... ammence the work of murder and pil... with all their attendant horrors upon ... and property of their unsuspect... defenceless neighbors. To this pass ... come, and it behooves the Govern... this late day, to begin the punish... offences against the law as if no re... had ever been inaugurated. Unless ... treacherous faction are to be recognized ... treated as 'belligerents,' they should ... arrested and dealt with merely as members ... society violating the laws of the land ... contemplate no mercy to those who love ... country and strive to obey its laws, and ... in their punishment would be in ... of every law of God and man.

At a point so remote from the difficulties ... to in the dispatch, if they were con... to the Eastern portion of our domain ... might theorize upon them without any ... of immediate, impending danger. But only on account of the watchfulness ex... was the plot discovered there before it ... on the Pacific coast. Already have the ... of their fully armed cohorts ... —forty five thousand men, ... mingling us is their wont in all the trans... of civil life, protected by the laws they are sworn to overthrow, and eating and drinking with those whose destruction they but await the signal of their hell born leaders to accomplish. It is too late to deride such an idea. The idea has become a fact; and although our loyal citizens may sleep peacefully upon the banked fires of the vol... cano, its eruption can only be prevented by the most decisive and prompt measures. This unlawful and bloody epidemic is not confined to California. It ramifies through every artery of American life west of the Rocky Mountains. In Oregon through all the vast region of territories embracing our golden possessions the cabalistic sign is recognized, the midnight conclave meets, the oath renewed, and hides shrieks with joy at the glut of innocent blood in prospect. And what is all this for? Do the members of this organization of American Knights fail of receiving the same protection—the same privilege as their loyal neighbors? Accustomed to rule the country, their leaders are unused to labor with their hands—they must have power at any hazard in order to live—and so through influences and organizations claiming purity and truthfulness, they are misrepresenting facts, and working upon the minds of the ignorant and bigoted to do for them what they have neither the brute power nor courage to do for themselves. We hope those members of the Northern Confederate party who mean to do right will seriously reflect before they commit any overt act.

The Washington correspondent of the Sacramento *Union* writing under date of June 29, says:

The bill granting the Yosemite Valley and Big Trees to the State of California for the public use and recreation has passed both branches of Congress without amendment.

The Senate bill appropriating $300,000 for the erection of a branch Mint building at San Francisco is yet in the Committee of Ways and Means of the House, and as it is late in the session and the aforesaid Committee is not especially friendly to the bill, I am afraid it will remain there. McBride had the Oregon Mint Bill referred to the Committee of the Whole where it is still in limbo.

ST LOUIS, July 28.—The *Democrat* publishes an account of a conspiracy to erect a North Western Confederacy. The organization engaged in the conspiracy is known as the order of American Knights. The real object embraces an effort to thwart the Government in the conduct of the war, to overthrow the Government. The profession of purposes are different in different States. It proclaims the war policy in Pennsylvania, New York and New Jersey and other Eastern States while in the West it is for peace. The order is of Southern origin, being erected on the ruins of the Knights of the Golden Circle. Sterling Price is the supreme commander. Vallandigham while in Richmond, was made the supreme commander of the Northern section. The order of the conspiracy was entered into between him and rebel authorities, to divide the East and West and thus aid the Southern rebellion. Vallandigham's time in Canada was principally spent in furthering the scheme. He had a conference with some leading men North soon after his arrival from Canada and arranged the establishment of lodges throughout the loyal States. The names of all those who visited him at the Clifton House are known to the Government, among them are the names of H. B. Reed, Phila K. Pendleton, Pugh, of Ohio, Kibben, of St Louis, Storey and Merrick of Chicago are published. The results of the conference are well known to the Government. About the 1st of January Vallandigham issued an address to the lodges in the loyal States in which he called the members to renew their vows. He says the time is approaching to test their sincerity; that the prosecution of the war is a violation of the rights of the States and that President Lincoln is a usurper. The meeting of Grand Commanders were to be held in different States. It was held in New York on the 22d of February, for the purpose of organizing an outbreak on the 10th of March, the day fixed for the draft. No definite plan was resolved upon. The names of those conspirators are also known. The same commanders had a conversation with the supreme commander at Windsor Canada West early in April for general consultation. Among those in attendance were McMasters of New York, and Chas L. Hunt, of St Louis and La Fayette Devlin of Indiana. It was proposed at this meeting that Vallandigham should represent his district of Ohio in the Democratic National Convention and proclaim the doctrines of the order.

Pierce pronounces the existing Administration and the Government power a usurpation, which the people had a right to expel by force if necessary, an inauguration of rebellion North in which he was supported by the order. Each grand commander was to have an armed body guard at the Convention for the defence of Vallandigham. This, it is thought will precipitate the people into an armed conflict which would be a signal to the members of the order to unite against the lawful authorities, kill, and capture the naval and military officers, seize all the arsenals, arms and public property of all kinds and pronounce the Government overthrown, is the evidence of the truthfulness of this statement.

The reason for Vallandigham's sudden return to Ohio was that his views were that he would have been defeated as delegate to Chicago and only by his presence could his election be secured.

The numerical strength of the order is said to be considerably over 500,000. 150,000 of whom are armed. The order in New York are called McClellan minute men and number 200,000. Their Grand Commander is Charles L. Hunt, nephew of H. Lucas who was for many years Belgian consul here. A long list of names of members of the order in different States, together with full information regarding the same, is in the hands of the authorities at Washington, which will probably be published.

NEW YORK, July 25.—Gold 2 50.

NEW YORK, July 27.—The *Times* Baltimore correspondence says: No apprehension is entertained of another rebel demonstration towards Washington and Baltimore.

Gen. Crook says the rebel force which attacked him near Winchester on Sunday was greatly superior to his. It showed a front of four miles, overlapping him on both sides and could have easily annihilated him had he not retreated. Col. Mulligan was killed in the battle on Sunday.

The Baltimore *American* of to day says there is no confirmation of the report that the rebels had re-entered Martinsburg by way of Sharpsburg and Shepardstown. It is hardly possible that Early could have come from that direction as he must be aware that he will encounter some different troops from the broken down columns of Hunter's command.

The *Commercial* says that a gentleman from Frederick City reports much excitement there on Monday and Tuesday. The Government stores and the wounded had been removed, and the inhabitants were preparing to leave. The enemy was known to be south of Pen Ridge, and it was feared they would cross at Point of Rocks and push for Frederick.

CHICAGO, July 28.—Nothing of a definite character concerning the rebel movements in Shenandoah Valley has been received. It is positively known however, that serious battles occurred on Saturday and Sunday, in which the Union troops were overpowered and compelled to retreat to Harper's Ferry and Williamsport. Supplies were being removed from the former place across the Potomac. Our forces held Harper's Ferry on Tuesday night. No rebels had been seen in Maryland. The report that Hill's Corps had joined the rebel forces was not confirmed.

The C... [illegible] Washington special says: The War Department says the rail is ... humbug.

BALTIMORE, July 27—9 P. M.—Harper's Ferry is still in our hands. No attack has yet been made. A scout who left Martinsburg at 9 o'clock last night reports heavy skirmishing between Crook's army and the rebels under Breckinridge on Monday afternoon. Our forces are falling back this side of the Potomac to Williamsport. The rebels in evident have no intention of crossing.

A refugee in Nashville, returning home, says it is believed the object of the rebels is to keep our forces out of the Valley while they gather the harvests.

Later reports assert that we have reoccupied Martinsburg.

Gen Wallace has issued orders for the immediate enrollment of all the able bodied colored men in Baltimore and directs them to be forthwith organized into companies and troops to constitute the special military force of the city.

The Loyal Leagues are also actively engaged in perfecting military organization.

Orders are in preparation prohibiting the press from publishing anything calculated to ... movements.

WASHINGTON, July 28.—The latest ... intelligence states that Kelly has ... Martinsburg ... There has been no heavy fighting ... last four days. There ... rebels crossing at Martinsburg ... reported at Shepardstown.

The ... telegram sent ... the President ... considerable body ... that the ... rebels at Petersburg was ... not believe ... any ... for the valley. Nothing has been received here from the Upper Potomac.

The fords of the Susquehanna are to be fortified. Engineers were sent to Harrisburg to day for that purpose.

NEW YORK, July 28.—The *Times* correspondent with Butler says: The rebels on Monday night attacked the 11th Marines holding Strawberry Plains and the regiment fell back before the assault and retired to Foster's head quarters. On Friday Foster sent the same regiment to retake the position, which they did. During the night other regiments were sent out to hold the place permanently. The position is of importance to the rebels.

Special dispatches say that Grant is still in front of Petersburg.

WASHINGTON, July 27.—Grant is clearing out the camp hospitals and sending the sick and wounded to Washington. Several hundred arrived to day among them a number of officers.

NASHVILLE, July 27.—Information from officers says: We have had two battles in front of Atlanta and have destroyed the better portion of the enemy's two best corps.

During Rousseau's raid, he captured and paroled 200 rebels, captured 800 horses and mules and the same number of contrabands, destroyed 31 miles of railroad as well as a great quantity of stores besides burning 13 railroad depots on the Atlanta and Montgomery Railroad.

LOUISVILLE, July 28.—Maj. Kelly, from the front on Monday night reports that after the battle by the 15th 16th and 17th corps, our men buried 300 of the rebel dead, and had captured 1000 sound prisoners, 1100 seriously wounded, 11 stands of colors and 1?3 officers. Sherman does not desire to occupy Atlanta. In two hours he could establish his head quarters there.

Richmond papers of the 22d claim a decided victory at Atlanta, and that the Federals were driven back with loss. The same papers say that the Federals were defeated at Snicker's Gap by Early, and a number of prisoners captured.

Very few deserters are coming into our lines now.

New York, July 28th.—Sanford returned from Washington last night having succeeded in obtaining the consent of the War Department to raise 100 days men in this State. Those in service at the time of the draft shall be exempt.

Gold 250.

BERMUDA HUNDRED, July 29th.—An important movement is in progress from here this morning. While our troops were crossing James river on two pontoon bridges, the rebels suddenly attacked them. An engagement ensued and the rebels were driven back. Our troops received reinforcements and attacked the rebel works, carrying them and capturing the guns. The rebels were finally driven from their position far beyond. The gunboats rendered valuable assistance, covering the landing.

A special to the *Post* says advices from the army of the Potomac show that Grant has secured a very important strategic position above Bermuda Hundred on the 27th, which gives him a good base of supplies only eleven miles from Richmond.

An Army of the Potomac letter dated yesterday says the arrival of some troops in the vicinity of Bermuda Hundred a day or two ago attracted the attention of the enemy, and caused them to believe that an advance on Richmond by way of Malvern Hill was intended. A force consisting of Kershaw's division of Longstreet's corps and Wilcox's division of Hill's corps were immediately withdrawn from the vicinity of Petersburg, and sent down to check the movement. To counteract this the second corps was detached, and sent across the James. At six o'clock on the morning of the 27th our advance met the enemy's skirmishers in an open field opposite Jones Neck with their battery ... A long line of skirmishers was thrown out and soon drove the rebels to their breastworks where they were kept hotly engaged while a brigade of the first division moved round on the left of the enemy's line, and getting on their flank, charged and drove them from their guns [illegible] to the woods capturing four guns and a quantity of small arms. The enemy fell back on their reserves who occupied a strong work built two years ago. Our troops followed, taking position in their front and flanks. Our loss is very slight. Gen Grant rode to the front in the afternoon, viewed the enemy's position, and seemed to be well pleased with the morning's work.

Further Intelligence.

NEW YORK, July 28th.—The Government has received dispatches from Sherman stating there has been no fighting since that above described. Atlanta was being gradually invested by our troops who were progressing.

Intelligence of the successful result of the cavalry raid on the road from Atlanta. Macon ... It is probable that the city will not be taken without a struggle or regular siege.

Advices from Little Rock say that Price's army ... Camden himself at Shreveport. Marmaduke is ... crossing squads of his force over the Mississippi near ... Landing. Kirby Smith is attempting the same.

Reinforcements are being sent to Banks Department. Steele is at the mouth of White river.

ST. LOUIS, July 27.—A Leavenworth special says that Indians attacked our trains and destroyed a large amount of stores on the Santa Fe road. Curtis ... force in that region, but is raising militia for service against the Indians.

WASHINGTON, July 28.—Advices were received at the War Department of the safety of Gen. Averill who is now at Hagerstown slightly wounded.

NEW YORK, July 28.—Advices from Baltimore show that Gen Crook in his retreat from Winchester lost about 1,000 men and a few guns.

Gen. Kelly is still at Cumberland. The rebel force is now reported at 30,000 under Hill, Early having left on account of his wounds.

Gen. Wright has been placed in command of all the troops on the Upper Potomac now marching against the rebels and more occupied Martinsburg.

NEW YORK, July 29.—The *Herald's* dispatch states the Government is advised that skirmishing has occurred at Shepardstown and Falling Waters, the enemy only reconnoitering before attempting to cross.

A few of Mosby's gang crossed at Edward's Ferry. Their report that all the rebel troops that could be spared from Richmond have been sent to Early and that their numbers are 50,000. The banks at Frederick City are closed, citizens are leaving, and the Government stores are being removed.

FREDERICK CITY, July 28.—The *World's* special says: The latest news from the enemy is of such a character as is calculated to excite apprehension. The enemy has fallen back from the river and ceased their efforts of a threatening nature. Preparations are ample for the reception of any force they are likely to bring across.

CHICAGO, July 29.—The statements in the St Louis *Democrat* concerning the conspiracy are based on very voluminous evidence taken during several months past by the Provost Marshal General of the Missouri Department.

ST. LOUIS, July 29.—Gen. Rosecrans, by authority of the War Department, has called for nine regiments of six and twelve months volunteers for the protection of the State against guerrillas and invasion.

Gov. Hall in the same connection, has issued a proclamation stating that the emergency is great and urges the people to fill up these regiments at once.

NEW YORK, July 29.—The rebel papers claim a victory at Atlanta.

A ROMANCE IN REAL LIFE.—A school teacher in Polk county a few days since eloped with one of his pupils, a girl about fifteen, and escorted her to Vancouver where they were married. CLATSOP BEACH AND THE SEA SIDE.—The summer months will hereafter be renowned in Portland for the diminished number of inhabitants who will determine annually to shake off the cares, troubles and dust of metropolitan life for the invigorating breezes, health giving baths, and appetite restoring qualities of the *mucka muck* to be found on the shores of the Columbia and in the broad ... that lead Ocean ward from Woody Island ... is the first step toward reaching the unadulterated enjoyments of a trip in that direction should the pleasure seeker attempt the pass in his own boat, and from hence the cruise will be one of great interest so far as practicable with an ordinary "plunger." The shores of the river are very unforbidding, except in few localities, and the sand spits which abound along the Oregon side of the channel are frequently overflowed with the highest tides, so it is desirable at all times, and necessary to camping, that high land be selected. A NEW STEAMER AT CELILO.—By the way steamboats appear to be multiplying above *tum water*, at Celilo there need be little apprehension for the want of transportation to do the necessary shipping on the upper Columbia and Snake rivers. It is but recently that the *Col. Wright* did the entire amount of steamboating above Dalles City, but at present the fleet is both numerous and handsome, and yet the number increases. We observed the lumber and ... on board the *Wilson G. Hunt* yesterday for a new boat now building at Celilo by Mr. Gates.

A SERENADE.—We have attended concerts in our time, and sat upon hard benches, after paying our dollar's admission, and felt highly grateful for the opportunity, but such feelings are entirely out done when a party like the Mechanics' Brass Band come to our window at the dead hour of night and arouse us from slumber by a few airs they know how to play so well. There is nothing in music that can please better than a midnight serenade well executed. Come again, gentlemen, and perhaps we will be better prepared to meet you.

RETURNED.—Rev. Thomas H. Pearne arrived at his home in Portland on Saturday evening last, after an absence of nearly three months in attendance upon the Baltimore Convention and the National Conference of the M. E. Church in Philadelphia. He preached to an overflowing audience at the M. E. Church in this city, last evening, and does not appear much the worse for his long and tedious trip to the States, and back, accomplished over land more than one half.

RAFFLE FOR "HUMPY."—Mr. J. W. Sutton, of the Shooting Gallery on Morrison street, has concluded to dispose of his pacing horse "Humpy," and accordingly advertises him at raffle on Saturday evening, the 6th inst. "Humpy" is the fastest pacing horse in the State, notwithstanding his appearance like "Flora Temple," he is better than he looks. A fact which has been demonstrated repeatedly.

NEW FURNITURE.—We would call the attention of our readers to the new advertisement of Messrs. Hurgren & Shindler. They have been receiving a large lot of new and splendid furniture from the East, and have more on the way. A walk through their extensive ware rooms will amply repay all who want anything in their line.

SPECIAL TRIP.—The steamer *Cochita*, Captain Oleson, was detailed for a special trip to Monticello yesterday, bearing important dispatches for Victoria to be carried through by special messenger, making the connection at Olympia with the steamer *Eliza Anderson* which leaves for Victoria this morning.

RESIGNED.—We are informed that C. M. Carter, Esq., has resigned the position lately conferred upon him as Special Postal Agent for the Pacific Coast. The Mails are in need of considerable attention in this direction at present, and we very much regret the action of Mr. Carter.

THANKSGIVING.—It was announced in the various Churches yesterday that services would be held in this city at the usual places on Thursday next, in accordance with the President's Proclamation appointing the 4th inst. a day of fasting and prayer.

Clatsop Beach and the Sea Side.—The summer months will hereafter be renowned in Portland for the diminished number of inhabitants who will determine annually to shake off the cares, trouble and dust of metropolitan life for the invigorating breezes, health giving baths, and appetite restoring qualities of the muck-a-muck to be found on the shores of the Columbia, and in the broad straits that lead Ocean-ward from Woody Island. Cathlamet is the first step toward reaching the unadulterated enjoyments of a trip in that direction, should the pleasure seeker attempt the pass in his own boat, and from hence the cruise will be one of great interest, so far as practicable with an ordinary "plunger." During the afternoon and part of the night, at this season of year, heavy swells and strong tide currents will prevent rapid progress in descending the river, but with an experienced boatman the trip is made with ease and safety. The shores of the river are very unforbidding, except in few localities, and the sand spits which abound along the Oregon side of the channel are frequently overflowed with the highest tides, so it is desirable at all times, and necessary to camping, that high land be selected. Astoria attained there is no further difficulty to be felt, and laying the "plunger" aside one may embark on Capt. Flavel's favorite craft, the *Harvest Queen*, or the pilot boat *California*, and drink in the beauties of nature to his heart's content, while taking one of the most excellent and quickest inland cruises along Clatsop Beach and among the sea shore surroundings at the mouth of the Columbia, that it is the lot of man to enjoy, on the yet wild Pacific Coast. There is no let or hindrance to accomplish a fattening and invigoration of an impoverished and overtasked system, on such a voyage, and Balston Spa, and Saratoga are nowhere to compare with it. Bleached countenances return with the sun-browned hue, but they are nevertheless fresher. We have spent some time in investigating the truth of the matter, and while the voyage has worn some of the paint from our little sailing craft we feel the flow of clearer blood through our arteries.

Indian Affairs.—We notice that Mr. Hale, Superintendent of Indian Affairs for Washington Territory, and Alfred P. Elder, sub Indian Agent, and the son of Mr. Hale, returned on Saturday evening by the steamer *Wilson G. Hunt* from a long journey to the Indian country. They visited the Yackima Agency, and all the Indian villages on the upper Columbia as far as Fort Colville, went some seventy miles up to Spokane, and returned by the way of Big Lake, Cow Creek, and the Palouse Ferry on the Snake, where they took steamer for the Dalles, thus making a journey of more than 800 miles, on horseback and on foot, most of the distance through a terribly desolate country. They represent the Indians they visited as being well disposed. Our travelers seem to have stood the trip finely without other change than having become well bronzed from exposure.

A New Enterprise.—"Oregon Mustard and Spice Mills" have been established and set in operation in our midst, within a week past, thus adding to the increasing branches of our industrial pursuits another enterprise. One by one we are attaining the resources necessary to pitch us ahead in the great era of improvement just dawning, and likely very soon the "home manufactures" of Oregon will center in Portland to such extent that we shall more than be able to keep our accounts balanced with [illegible] outer world. Mr. Hudson, the senior partner of [illegible] establishment, has for over twenty years [illegible] gaged in the business of manufacturing spices [illegible] mustard, and for ten years has been in the trade [illegible] Francisco, producing a very celebrated article [illegible] wn as "Hudson's Golden California Mus[illegible] and we now welcome him among us, seeing [illegible] why the greatest success cannot be real[illegible] he broad field stretched before him, radiating [illegible] this point.

[illegible] County Court.—To-day commences the August [illegible] of the Multnomah County Court, Judge P. A. Marquam presiding. Our statutes are liberal in [illegible] viding us frequent Courts of this character, but [illegible] generally conceded that the powers vested in [illegible] are too much restricted, and for this County at [illegible] special legislation is necessary, which [illegible] be of advantage in disposing of common [illegible] We gave allusion to the subject some time [illegible] with a hope that action might be taken in the [illegible] to bring about a better state of things during the coming session of the legislature.

A New Steamer at Celilo.—By the way steamers appear to be multiplying above *tum water*, at Celilo, there need be little apprehension for the want of transports to do the necessary shipping on the upper Columbia and Snake rivers. It is but recently that the *Col. Wright* did the entire amount of steamboating above Dalles City, but at present the fleet is both numerous and handsome, and yet the number increases. We observed the lumber and "knees," on board the *Wilson G. Hunt* yesterday, for a new boat now building at Celilo by Mr. Gates.

A Serenade.—We have attended concerts in our time, and sat upon hard benches, after paying our dollar's admission, and felt highly grateful for the opportunity, but such feelings are entirely outdone when a party like the Mechanics' Brass Band come to our window at the dead hour of night, and arouse us from slumber by a few airs they know how to play so well. Resigned.—We are informed that C. M. Carter, Esq., has resigned the position lately conferred upon him as Special Postal Agent for the Pacific Coast. The Mails are in need of considerable attention in this direction at present, and we very much regret the action of Mr. Carter.

Thanksgiving.—It was announced in the various Churches yesterday that services would be held in this city at the usual places on Thursday next, in accordance with the President's Proclamation, appointing the 4th inst. a day of fasting and prayer.

Letter List.—This important document which appears regularly at the beginning of each month, will be found on the Fourth page of this paper.

"Little Bobby."—This petite jig dancer, and candidate for championship in the minstrel line, started from Dalles City some two years since, and has been entertaining crowded houses throughout the mining camps of the upper country, with the "Iron Clads" and other troupes. He is the son of J. McGinley, and is now in our city with his father en route to San Francisco, where Mr. M. designs organizing a first-class Opera Troupe for this section of the country the coming season. "Bobby" is but about nine years of age.

Boston Brown Bread.—The proprietors of the Eagle Bakery in this city have commenced the manufacture of Boston Brown Bread, an article much in use at the East, which is considered the finest style the "staff of life" can be served in.

Slight Mistake.—A paragraph is going the round of the papers, and found its way into the Oregonian last week, to the effect that the pirate Semmes visited Portland in 1851 or '52 as First Lieutenant of the United States sloop-of-war *Vincennes*, and that he has a sister married and living in Oregon city. We are informed by a gentleman who ought to know, that the *Vincennes* never came here, neither did the pirate; nor has he a sister living in Oregon city. A gentleman named Semmes visited this city on board a Coast Survey schooner, and we believe he has a sister married and residing in this vicinity a highly respectable lady. They are no relation, however, to the present English idol.

Mental Depression.—It has often been remarked that no one can minister to a mind diseased; but a mind diseased is frequently only the consequence of disordered digestion, and naturally finds relief when the process of nutrition is restored to a healthful state. The PERUVIAN SYRUP removes the morbid condition of the stomach, quickens the circulation, increases the insensible perspiration and consequently relieves the mind from the causes of its depression.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry and [illegible] its influence as a remedial agent [illegible] has been considered the most useful article in Materia Medica and many of the most eminent [illegible] chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,

LIVER, KIDNEYS,

DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr Henry Anders, a physician [illegible] of New York, after years of patient labor and experiment discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER.

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr J R Chilton of this city, and Prof Booth U S Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practi[illegible] (see "American Medical Monthly," July 8 1858, page 75.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color hitherto pale, relaxed and feeble he becomes full, strong and florid

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron,

Has been used with Great Success in Curing

DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the prevailing effects of Lead or Mercury,

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Rev. JOHN PIERPONT, THOMAS C. AMORY,
THOMAS A. DEXTER, PETER HARVEY,
S. H. KENDALL, M.D., JAMES C. DUNN,
SAMUEL MAY, Rev. THOS. WHITTEMORE.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr Henry Aiders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1850, page 70.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, $1 per bottle. Prepared by Dr H. Anders & Co., Physicians and Chemists, New York.

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters.

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction

☞ The business will be continued by Cohn & Bohm.

From the army hospital—the bloody battle-field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

REEDSBURG, Wis., Sept. 1, 1863.

* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. * * *

C. A. PLAUTE."

SOUTH WARSAW, O., July 29, 1863.

* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $100 without benefit, has been cured by ten bottles of your Bitters.

EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH STREET,
NEW YORK, August 2, 1863.

"Dr. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS. O. M. DEVOE."

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER, Madrid, N. Y."

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.

Thy friend, ASA CURRIN, Philadelphia, Pa."

* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. S. CATHORN, Rochester, N. Y.

* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C.

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. A. DREWS,
Superintendent Soldiers' Home, Cincinnati, O.

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business. H. B. KINGSLEY Cleveland, O."

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE, 254 Broadway, N. Y.

etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c. all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.
